# User Approval Guide
## Divisional Forest Officer (DFO)

This guide outlines the process for Divisional Forest Officers to review, verify, and approve registration requests from Range-level officers' accounts on the Harit-SANKALP portal.

### Step 1: Access the Portal

1. Go to the portal: **https://nationalcampa.nic.in/Harit-SANKALP/**
2. Navigate to **Login** > **Using DFO Login**.
3. Enter your credentials to access the Management Information System (MIS).

### Step 2: Locate Pending Approvals

1. On the sidebar menu, expand on **User Menu**.
2. Click **Activate RO User**.
3. A list of all officers awaiting activation within your division will be displayed.

### Step 3: Verify and Activate

1. Details of the officer's registration and assigned Range are available.
2. **Take Action:**
    - **To Approve:** Click the **Activate** button. This instantly enables the Range Officer's login access.
    - **To Reject:** Click **Deactivate/Reject** if the details are incorrect or unauthorized.
3. **Confirmation:** A success message will appear once the status is updated.

### Summary of Actions

| Action | Result | Notification |
|---|---|---|
| **Approve/Activate** | Grants MIS access to the RO. | Officer can now log in. |
| **Reject/Deactivate** | Denies access to the portal. | Account remains locked. |

### Pro-Tips for DFOs

- **Regular Checks:** Check the pending list twice a week to ensure field officers can report their data without delay.
- **Data Integrity:** Ensure the officer has selected the correct Range during registration to prevent data mapping errors.
- **Security:** If an officer is transferred or retires, use the **Deactivate** button to revoke their access immediately.
